GROWTH

IN THE HERSHEY TRADITION

Milton Hershey School has been a leader in the area of growth from its foundings in 1909 through this academic year 1979. Over the past seventy years the School has changed and grown from an institution of only a few male Caucasian enrollees to an institution of about 1,300 boys and girls of all races.

When one looks at old photographs of the then Hershey Industrial School with its one building, the Homestead, serving as school and

living quarters, and then compares it with three educational plants, Founders Hall, numerous modern student homes, Central Kitchen and Supply Center, and other facilities, the growth factor is nothing less than unbelievable.

Today, as in 1909, the emphasis is on quality through meaningful growth. Well-rounded growth fostered by a quality vocational and academic training gives the student what he needs to cope with our rapidly changing society.

Seventy Years of Progress Through Education

OUR GROWTH
Is a
Tribute to Our Founders
MILTON S. HERSHEY
and His Wife
CATHERINE S. HERSHEY

Milton and Catherine Hershey had no idea of just how much growth they were to foster when they signed the Deed of Trust seventy years ago.

One look at our campus today should give us all an idea of our growth. Mr. Hershey lived only to see Senior Hall, but both he and Mrs. Hershey would be very proud of their campus today.

Growth should not be measured solely in terms of buildings and grounds. The true legacy of Milton and Catherine Hershey has been the growth of young people who would otherwise not have had an opportunity to learn a trade or gain an education over the last 70 years.

Academic Life

Russ McDaniels and Phil Huesser take some notes.

Mr. Weller gives some individual English instructions.

Section 9-1 works studiously in science class.

John Boran works with some Junior Division students.

Scott Wienhold even studies in gym class.

As can be seen, some of our Senior Hall students are a bit insane.

Students who choose to go into the academic program may enter either the college preparatory technical program or the liberal arts program. College preparatory technical students participate in a vocational shop as well as academic study.

The liberal arts program offers a full academic course including the choice of either French or German.

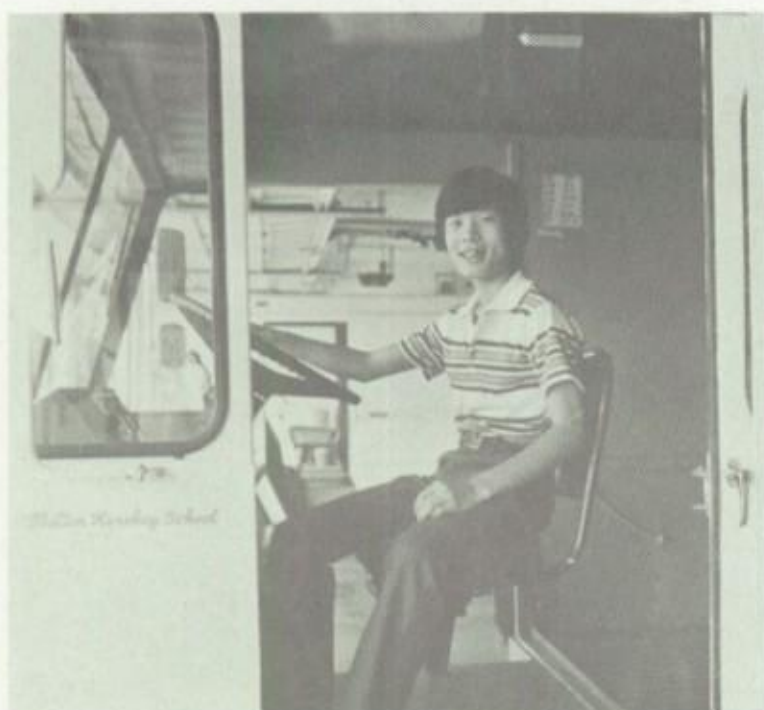

Growth Through Study

Mr. Butch gives some individual help in math.

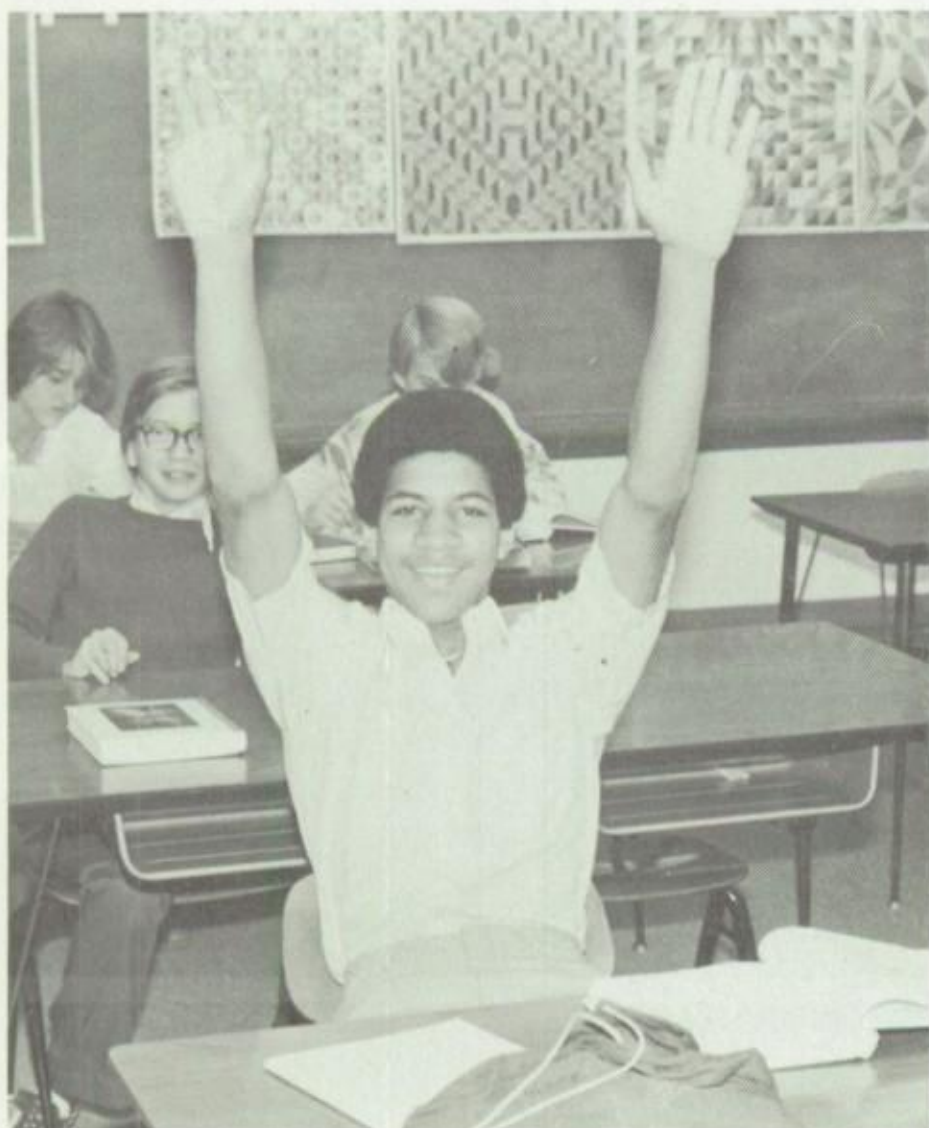

Ron Andrews reads announcements at lunch.

Ju Woo trains to be a bus driver.

Mrs. Gearhart gives instructions to some girls in homemaking.

Denny Miller scores in class.

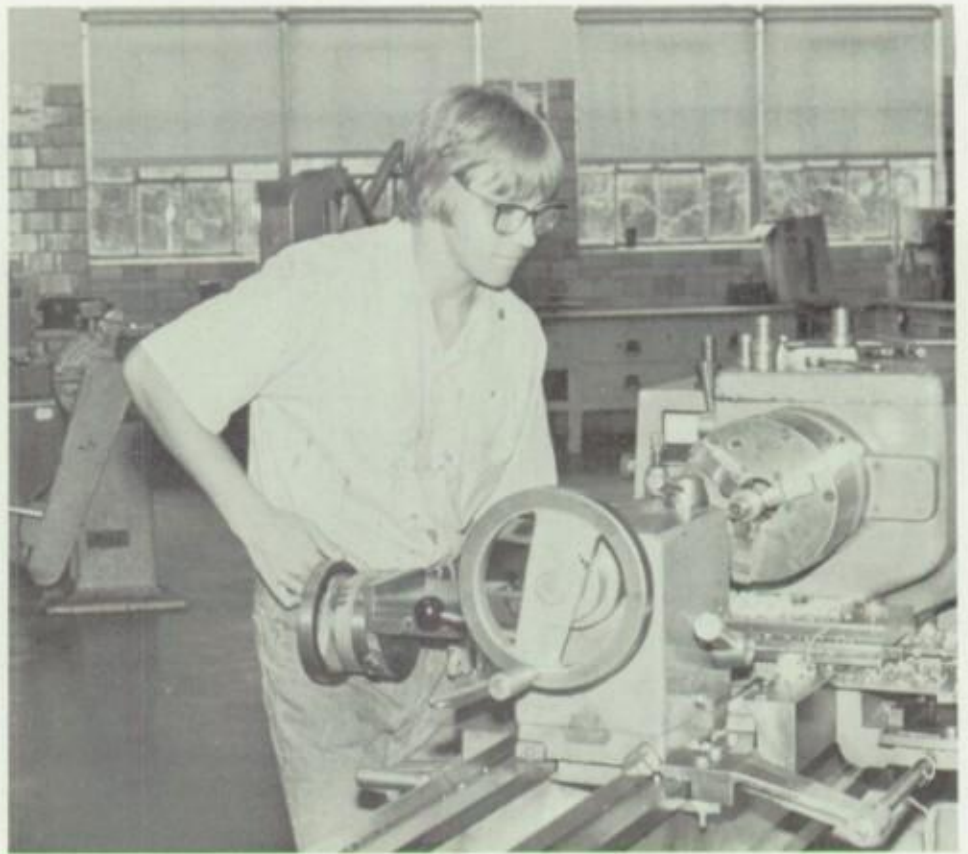

Tony Theodate finds something neat in his locker.

Building Skills

Dave Leiss works in print shop.

Bill Bunn learns precision work in machine shop.

Bill Coskey gains valuable experience in plumbing and heating shop.

Paul Deardorff prepares material in print shop.

Charlie Barndt (top) and Larry Hazelwood (bottom) gain valuable on-the-job experience at the house project.

Our vocational program here at Milton Hershey provides each student in tenth, eleventh, and twelfth grade with adequate experience in each trade. Each year students in general building trades, plumbing, carpentry and electricity shops build a house. The print shop

prints all our school publications; machine shop works with machinery and tooling; food service helps to prepare meals; agri-business does our landscaping designs; electronics works with modern electronic equipment.

Our shops help each student grow.

Vocational Training

Dan Clark works in print shop.

Stan Mowrer learns the facts of electricity.

Mark Urban learns a trade in machine shop.

Electronics students work with circuits.

John Lehman becomes proficient in agri-business shop.

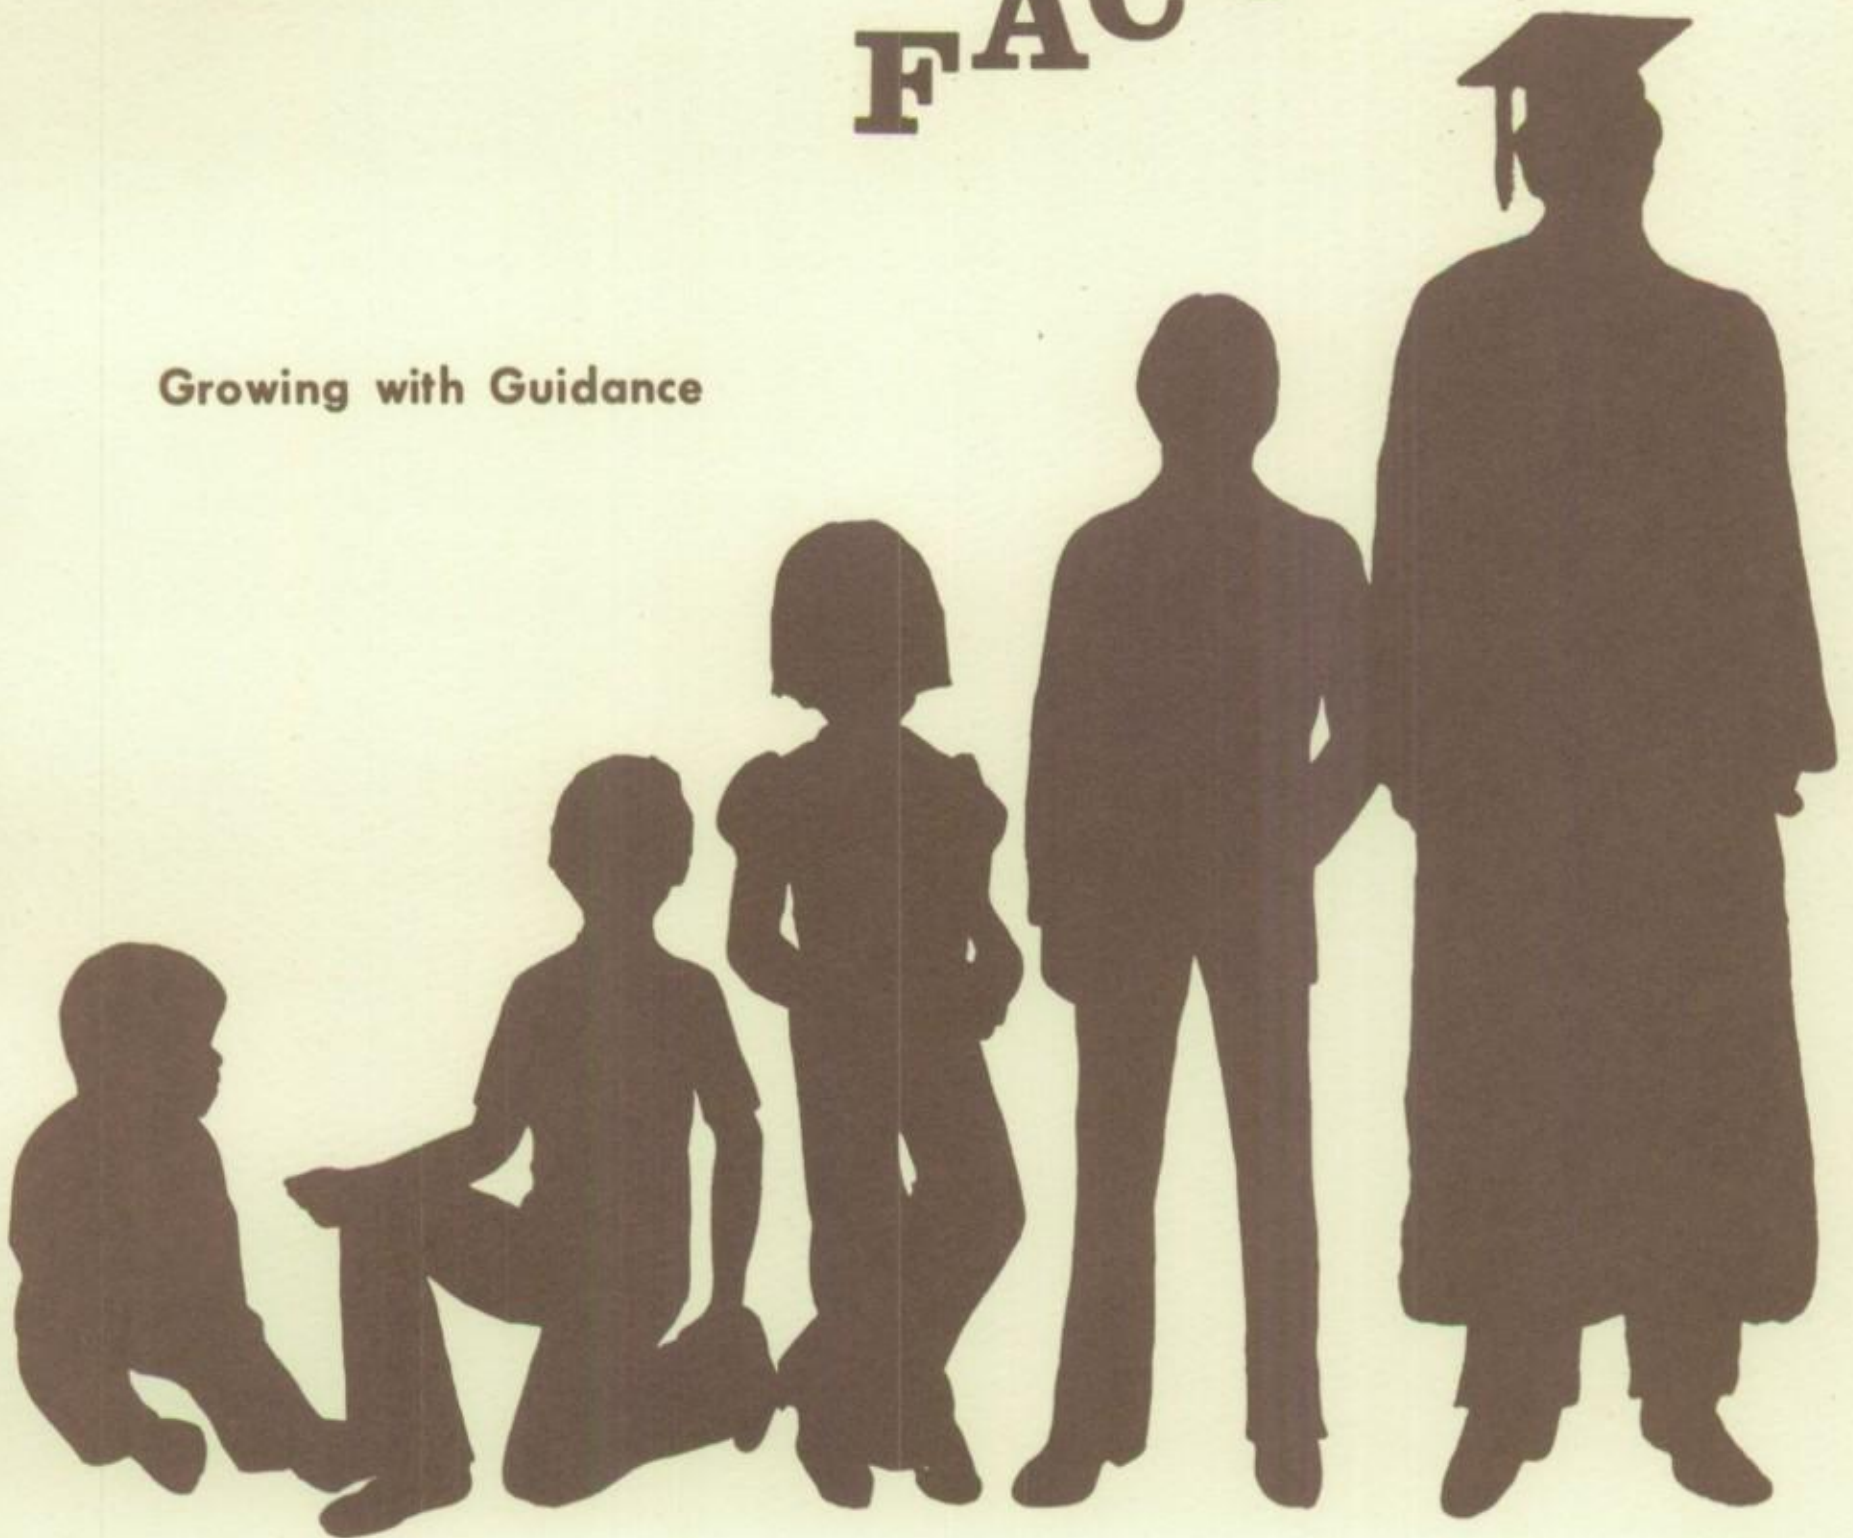

Vocational training has always had the major educational emphasis at M.H.S. The shop program has been recognized from the beginning as one of the finest of its kind in the country. Practical, on-the-job experience is the major emphasis in most of the vocational programs and the instruction is the best in its field.

EXCERPTS FROM THE DEED OF TRUST

. . .the Managers shall. . .receive and admit to the School. . .poor, healthy children. .
. .provided that any such child shall have attained his or her fourth birthday. . . . Only a
child deemed poor and healthy. . .is not receiving adequate care from one of his or her
natural parents. . .shall be admitted to the School. Those children. . .may remain in the
School until they complete the full course of secondary education being offered. . .
They shall be instructed in the several branches of a sound education. . . .
mechanical trades. . .physical sciences. . .and practical mathematics. . .
and such other learning and science. . .bearing in mind that the
main objective in view is to train young men and women
to useful trades and occupations, so that they can
earn their own livelihood.

Since Mr. Hershey's death in 1945, it has been the responsibility of the Board of Managers to make the major policy decisions for Milton Hershey School. Many of these decisions were difficult and far-reaching, but in the best interest of the School, the students, and personnel. It is to the credit of the Board and its President that these decisions causing change were accomplished smoothly and with the cooperation of all concerned.

President and Vice Presidents

Dr. John Hershey ably administers the total school program.

Responsible for the smooth running of the School are its three major administrators—Dr. John O. Hershey, Dr. Richard A. Rudisill and Mr. John M. Aichele '39. Dr. Hershey, the School's President, plans a number of years in advance so the School will keep in tune with the

rapidly changing society. Dr. Rudisill, the School's Headmaster and Vice-President, along with his staff, creates the policy directly concerning academic curriculum and vocational training. Mr. Aichele '39, Vice-President, is responsible for the School's fiscal policies.

Dr. Richard Rudisill, Headmaster and John M. Aichele '39, Vice President for Business Affairs, discuss matters of importance.

Senior Hall Administrators

SENIOR HALL—education plant for the Senior Division.

In the role of Director of Secondary Education, William R. Fisher '50 has guided the educational system at Senior Hall since 1964. His responsibilities lie in the planning of programs and their implementation.

As Assistant Director of Secondary Education, Carl E. Stump is mainly concerned with the vocational program; he is also involved with discipline.

John A. Storm, Assistant Director of Secondary Education, is directly concerned with student discipline and supervision assignments for faculty and students. He has designed several discipline programs which have helped greatly.

Curriculum Specialist Paul E. Dronsfield is directly concerned with the development of a curriculum which will meet the needs of all students.

The science department at Senior Hall has much to offer to each student in the many fields of science. Whether it be earth science or chemistry, each teacher is well qualified to educate the student. Our freshmen are taught earth science; the sophomores, biology; juniors, an introduction to chemistry; seniors, physics.

By changing the study of each field of science every year, the student gets an idea of the different types of sciences.

The vocational program at MHS is, without question, one of the finest in the country. The quality of instruction is superior. In every shop the student gets the group training and individual attention needed to prepare him for the profession of his choosing.

Every vocational instructor is a competent and experienced practitioner of his trade. This is tempered with an understanding of how to work with young people, providing them the best possible trade experience for those years when this trade becomes a livelihood.

The curriculum at Memorial Hall is, perhaps, the most important of all. The boys and girls enrolled at these ages are in their most formative years. Students may be enrolled on or after their fourth birthday and may progress through the grades from kindergarten through fourth. The educational program is of paramount importance because the young people who perform well in the junior division often become the school's future leaders.

Class Song

As we, the class of seventy-nine,
Leave friends and those we've known behind.
With thoughts of strength and heart in mind,
We move ahead with honor and trust.

On our way down life's long path,
With thought of things learned in the past.
Hoping what we've done as a class,
In the lives of others forever will last.

We are the class of seventy-nine,
Not forgetting our school and friends.
We march the road that never ends,
Starting new lives and meeting new friends.

Time to put down the pencils and books,
And give our lives a second look.
Thoughts of others always remain
In lives of others we do the same.

SCHOOL PLEDGE

I will keep myself physically strong, mentally awake and morally straight. I will try to keep my standards high and help others to do likewise. In my relations with others I will live by the Golden Rule. I will improve my language which is a true expression of my character. I will pledge myself to honor, uphold, and to do all I can for the good of my school. These are the best services I can render to my school, my country, and my God.

ALMA MATER

All hail to thee Milton Hershey
Loyal and true are we.
To stand by thee and each other
Our pledge will ever be.
Thy brown and gold we cherish
And thy traditions dear;
Proudly we sing thy praises
For all the world to hear.

Then stand we firmly united
Through all the years to come
By friendships and fond mem'ries
Of youth and school and home.
We're proud of Milton Hershey
And vow to that great name
Lives filled with strength and honor
To add to Spartan fame.

ACTIVITIES

Aid Growth Toward
Spartan Fame

Mr. Hollich gives last minute touch to a script.

The Potman Spoke Sooth cast rehearses.

Spartan Players

At Milton Hershey School, we have our own little bit of Broadway. Once again The Spartan Players had a full year of productions; some productions were *The Potman Spoke Sooth*, *Hot Line*, *The Castlebury Clock*, plus a big musical in the spring. As in previous years, children's theatre was a large segment of their work load. Of course, the coming of young ladies to the Hill this year was a tremendous lift to this group. This expanded the capabilities and quality of this group to a large degree.

Carol Gilmore and David Christ review lines.

Perry Corvese gives Bob Weres some advice.

The cast relaxes.

Spartan Advisers and Staff

Kneeling: Ed Atkins, Charles Boykin, Pat Creedon, First Row: Dale G. Aucker (Adviser), Richard O. Altland (Adviser), Second Row: Mark Facey, Steve Horwitz, Andy Gregg, Paul Peters, Fred Fouad, Jeff Shapiro, Ben Kiehl. Third Row: Bob Gurt, Joe Pitcher, Jim Tindal, Ross Moyer, Ray Sinagra, Rene Pulatti. Fourth Row: Jack Mehling, Mark Singer, Bob Welhoelter, Ken Sawyer, Charles Sawyer, Joe Vanderslice, Tom Brennan.

The school publications, The Spartan and the Acropolis, contribute their share to an appreciation of the school year and its over all achievements. This Acropolis speaks for itself and displays the hard work and devotion of the student staff and advisers. The Spartan is a unique school magazine which reflects the attitudes and opinions of the students and gives an excellent look at current school trends in six outstanding issues. It has been given numerous awards of excellence by Columbia Scholastic Press Association.

Acropolis Advisers and Staff

Seated: Carl E. Stump (Adviser), Audrey S. DeMuth (Adviser), D. Michael Weller '66 (Adviser), J. Duncan Kriebel (Coordinator), Carl F. Rhodes '60 (Adviser), Richard O. Hugendubler (Adviser), Dale G. Aucker (Adviser). Standing: Scott Fasnacht (Editor-in-Chief), John Boran, Charles A. Astfalk (Adviser), Mark Singer, Harry Dulio, John Ryan, Sam Parsons, Ju Woo, Fred Fouad. Absent: A. James Jones (Adviser), Tracy Wilder.

Preparation:—Dave Leiss, Perry Corvese, Paul Deardorff.

Production Staff

The production staff for our publications does a magnificent job. When one considers that two school publications are entirely produced by the print shop, he realizes the amount of work involved. Compound this with the numerous other assignments given them, the task seems insurmountable. In spite of this overloaded schedule, the production staff still produces quality work on an award winning basis.

Presses:—Jim Gribble, Dan Clark, Ken Lynch.

TROUP 75—Seated: Tom Verdon, Bill Ross, Chris Kraweyak, Mark Gaines, Steve Patterson, Mr. Earl White(Leader), Bill Storm, Mike Kiehl, Vance Cole, Eugene Brooks. Standing: Mr. Marvin Long(Leader), Mr. Veryl Akins(Leader), Ted Cordano, Nick Beidelman, Don McCurdy, Bob Showers, Chris Hess, Steve McKenna, Tom Ryan, Mr. Howard Hosey(Leader), Mr. Marvin Ekstom(Leader).

Scouts and Explorers

Scouting at Milton Hershey begins in the Intermediate Division with Troop 75. Boys in the troop spend one week each year at Hidden Valley Camp. Boys in the Senior Division are members of Explorer Posts 475 and 75. The explorers also attend Hidden Valley and go on trips the Rehobeth Beach, Delaware, Front Royal and Harpers Ferry, Virginia, along with many local interest spots. Several of the scouts have attained the rank of Eagle.

The Milton Hershey School Glee Club again this year has brought much honor to the School. Under the direction of Virgil L. Alexander, this group has proven that they are one of the finest male vocalist groups in the country. Each Glee Club concert is planned far in advance. The Glee Club is almost always on the road performing;

they sing at national conventions, community social events, our Sunday Worship Service, and our Parent Weekend Show. Each year the Glee Club has a spring tour which requires students to give up part of their spring recess to perform with the Glee Club.

Student Hobby Posts and Clubs

Jeff Fasnacht assists at circulation desk.

The various hobby posts and clubs fill the need of a great number of students. Usually when there is enough interest in a new activity, a post will be started for those desiring the activity. A good example is the Officials' Post with over one hundred members; as the need arose for intramural sports referees, the Officials' Post was formed.

School and Community

This sign is a familiar focal point of many summer activities.

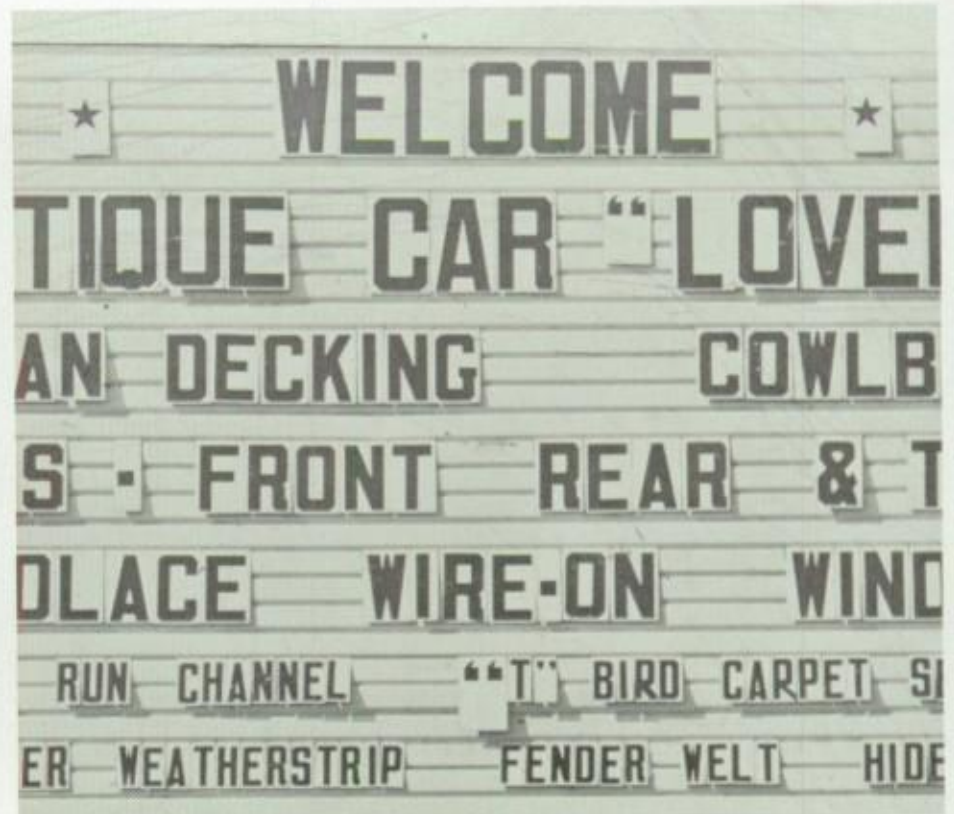

John Lehman works hard at the park operating the roller coaster.

Dan Clark operates one of the park's kiddie rides.

Large crowds always attend the Auto Show.

Antique Auto Show sign welcomes thousands of visitors to the area.

Milton Hershey School gives each student a unique opportunity to take advantage of fine facilities and a fine educational program as well as a community which offers a wide variety of experiences.

Whether it is our work program at one of the many Hershey interests, such as; Hersheypark, Hershey Laundry, Hershey Hotel or the Hershey Motel and Convention Center, or a Friday night town privilege centering around the drugstore, none of us will ever forget the scenes depicted on these pages.

Hersheypark alone provides many students with numerous hours of relaxation during its operating months and, in addition, it employs the majority of our juniors and seniors participating in the school's work program.

Students attended many community activities during the past year, such as; the Antique Auto Show, Pennsylvania Dutch Days, the annual Ice Follies, and many "big name" concerts at the Arena. The one event, although limited to private guests, that showed us all the unique position this School has within the community was the Inaugural Ball of Governor Richard Thornburgh which was held at Founders Hall.

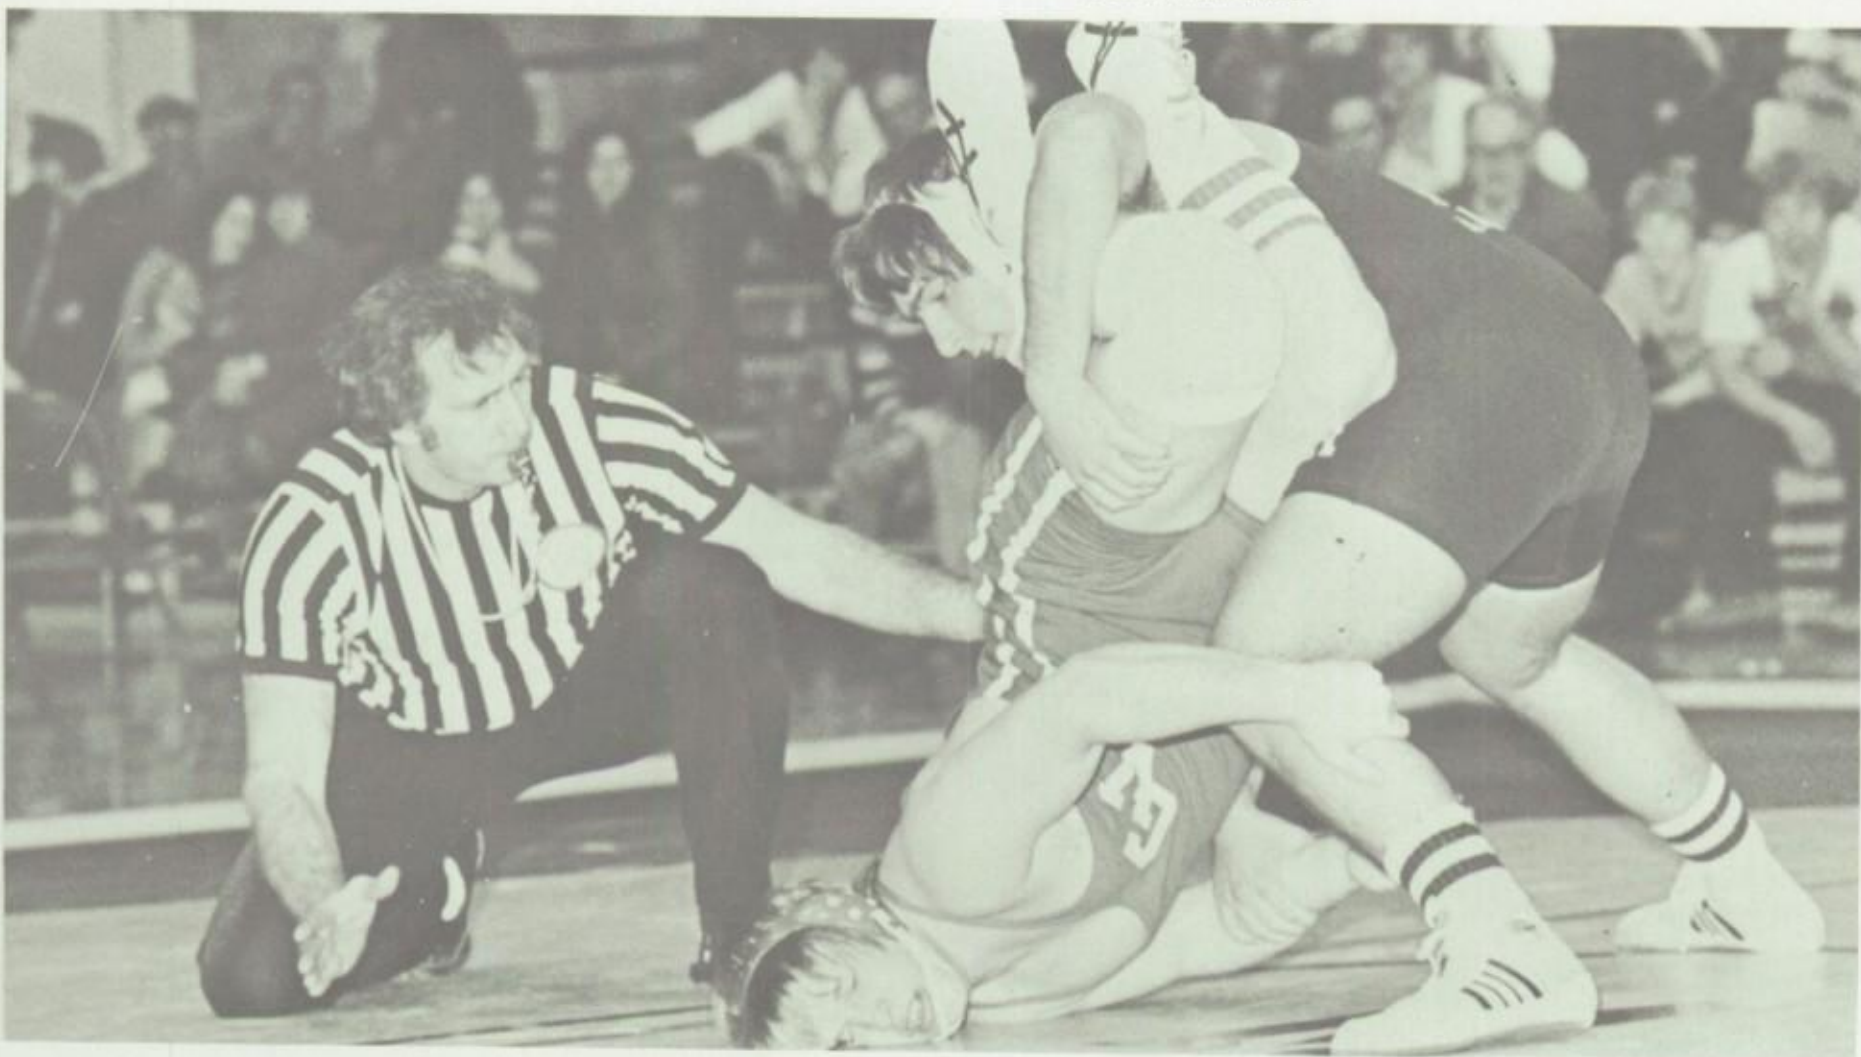

If it is true that we shall not forget our experience at our School, we will certainly not forget our town, Hershey, Pa.

Alumni Grove will provide an attractive edition to the community.

Freshman Malcom Wise enjoys the Hershey Community Center facilities.

School sporting events attract large interest from community (Ron DiBetta in action).

Varsity Gridiron Action

Prior to this year's Spartan gridiron season, the coaching staff was somewhat less than optimistic. This was to be a "rebuilding" year, and the problem was compounded by a uniformly strong Capital Area Conference.

As it works out sometimes, a lack of accolades and underestimation may lead to added desire. The 1979 Spartans proved this to be true. Picked for 7th place or lower by many "experts," our team came through with a very respectable 4th place finish and a 6-4-1 record.

Leading the offense was senior quarterback Joe Vanderslice who completed 53% of his passes for a total of 1,146 yards and 10 touchdowns. The rushing game was led by senior Mike Black who averaged 4.7 yards per carry and scored a team-leading 73 points (including his kicking of extra points and fields goals). The leading receiver was Bryan Hummel who had an average of 14.5 yards per reception.

The defense was outstanding. Leading in tackles was senior Ron DiBetta with 94. Leading in assists and sacks was senior Tom Powell with 34 and 14 respectively. In the interception department, the leader was Bryan Hummel with 6.

Perhaps the most outstanding aspect of the season, however, was that total commitment each player made. The proof positive of this is that many players played both offense and defense, an unusual team quality in these days of larger teams and position specialization.

The Junior Varsity squad compiled a 3-5-1 record this year under the leadership of coaches Chuck Kamp and Cliff Ainsworth. The team offensively was led by sophomores Mike Greene at quarterback, halfback Tom Johnson, who led the team in rushing, and lineman Greg Casamassa. Juniors who helped offensively were halfback Tracy Wilder and tackle Chris Grossman. The team defensively was headed by middle guard Alvin Steele, end Dennis Teeter, end Artilla Cooper, and lineman Joe Radwick.

Under the capable leadership of coaches Mr. Mike Shifflet and Mr. Lew Webster, the freshman football program had a difficult year. Of the eighty freshmen who tried out for the team, twenty-three were finally chosen. Although the team's record was unimpressive, many new faces were identified as future varsity players. The names of Bob Gurt, Jody Corvese, Bill Mills and Jim Zaccareli are certain to be prominent in future school football activities.

Swimming Action

Louis and Larry Rago support the varsity team.

The 1979 Varsity Swimming Team had a respectable 4 win 6 loss season. The record was substantially better than that of the 1978 swimming team. Co-captains Paul White and Kevin Ulmer along with senior Ken Lynch worked hard and provided a good deal of

leadership for the team. Kevin Ulmer, a diver, and the relay team of Paul White, Jack Mehling, Larry von Rago, and Tony Leggieri reached the finals in the C.A.C. meet. A strong nucleus for next year's team was trained during this season.

Coach Weidman begins team development at an early age.

The 1979 gymnastics team led by coach Robert Weidman '71 was composed primarily of underclassmen. However, seniors Ken Alvord, Dave Roper and Jeff Arnold turned in an impressive record for the season. Ken Alvord finished first in the all-around competition at the Tri-County Meet. Junior Jeff Shapiro was outstanding on the rings, and Norman Johns proved himself on the pommel horse. Although this year's record was not the team's most impressive, our Spartan Spirit was present at each meet.

Varsity Basketball

Under the second year coaching of Mike Weller, the 1978-79 basketball team turned from rags to riches within a short month. After a 1-8 start, the Spartans turned around and finished the second half with a 7-2 record, tying for second place in the C.A.C. The most significant victory in the "Cinderella Spartans" turnaround was a 64-58 victory over Hershey. Seniors Joe Smith and Tom Brennan led the team to their successful year.

The MHS grapplers took on one of the toughest schedules ever faced by a Milton Hershey team. After trouncing Hershey to open the league season, the Spartans invaded western Pennsylvania, placing second in the Mt. Union Invitational. Even though the schedule was riddled with such perennial powers as Warwick,

Carlisle and Susquenita, Milton Hershey's wrestling squad finished a well earned third place in the C.A.C., while, more importantly, preparing coach Rhodes' wrestlers as well as possible for sectional, district, and state championships.

Outstanding Students

Ronald Andrews

Ron has been a very active participant in Milton Hershey School life while at Senior Hall. Serving as President of the Student Leadership Society, Vice President of the Senior Class and Vice President of the Student Body, he has set a fine leadership example for all. In addition to his leadership roles, he has actively participated in the music program and persued the business curriculum. Ron was Rotary Student of the Month during December 1978.

Stan distinguished himself by his scholarship while participating in the vocational program (electricity). Stan also was the President of the Spartan Chapter of the National Honor Society. He served the school as Secretary of the Senior Senate and was Rotary Student of the Month during February 1979.

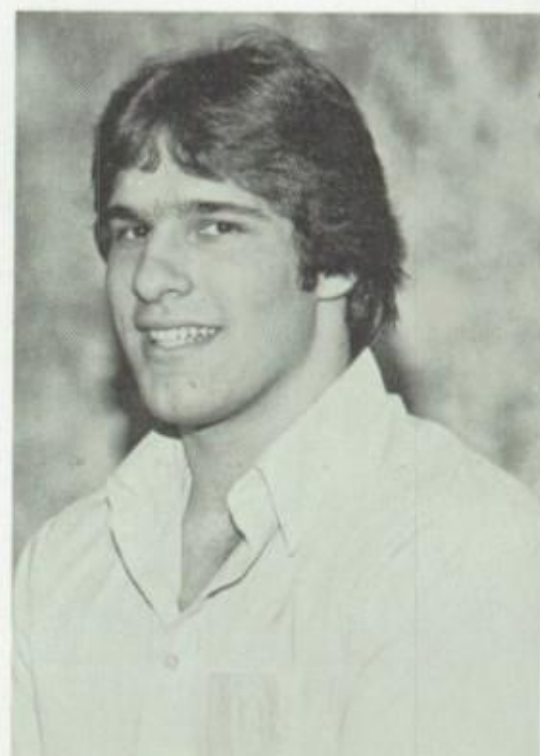

Stan Mowrer

James Culhane

Jim has been an academic leader at Senior Hall since his 9th grade year. He was selected as Scholar of the Month during October 1978 and Rotary Student of the Month during January 1979. Being known among his peers as an individual who possesses a strong interest in religion, he was elected to the position of Senior Senate Chaplain. His positive, enthusiastic leadership helped the Senate campaign to purchase an electric typewriter to be successful.

Ron distinguished himself during his years at Senior Hall on the football field and, more importantly, as a student leader. Ron was elected Student Body President during September 1978. Ron participated in the College Prep. Liberal Arts program and was Rotary Student of the Month during November 1978.

Ronald DiBetta

Scott Fasnacht

Scott was the Editor-in-Chief of the 1979 Acropolis. Since joining the staff in his sophomore year, he has taken an active role in the yearbook's production. Scott participated in the College Prep. Liberal Arts program and was Scholar of the Month during November 1977.

Roger was very active in scouting and sports. He obtained the rank of Eagle while a member of Explorer Post 75. Although often not a starter, Roger was the backbone of many sports teams, particularly basketball. His enthusiastic support for Milton Hershey School and its activities made him an outstanding inspiration for his peers and underclassmen. Roger was Rotary Student of the Month during April 1979.

The 1979 Acropolis represents the efforts and skills of the advisers and the student staff members. Except for some professional photography, the content of the yearbook is a product of the students of Milton Hershey School.
